

Midwife Pilgrim, Inc. 2021 Annual Report

Our Work

Midwife Pilgrim, Inc. supported one midwife to travel to Kenya to provide clinical support. We feel strongly that maintaining the safety of our global partners and their communities is paramount and did not encourage travel during this time unless strict isolation and all travel requirements could be met.

Midwife Pilgrim raised \$13,865.60 in 2021. This reflects donations and grants made directly to Midwife Pilgrim, Inc. Our expenses of \$15,218.92 went directly to ensuring our programming continues, even if still mainly on hold. This ensured PPE, medications, equipment, and supplies were available to our global partners.
